5700

# Design your Espresso

Every HLF coffee machine is produced with passion and accuracy on details where technology meets the Italian design.

The HLF 5700 is the latest addition to the HLF super automatic line, which combines the speed of delivery with the quality of Italian espresso. Perfect for high volume locations, the HLF 5700 is capable of delivering an American coffee (200 ml) in 7 sec.

The implemented technology allows to create a considerable variety of drinks and thanks to the cold module, the HLF 5700 can also deliver cold brewed coffee with the "nitro" effect in a few seconds.

The large touch screen (15 inches IPS) offers a unique interactive experience that guides the user through multiple selections with extreme simplicity and intuition.

The external completion modules allow the HLF 5700 to be installed in any environment, offering maximum flexibility and the right compromise between bulk and performance.

HLF 5700, the perfect companion when speed and strength become a "must".
